Hi Mike,

Just circling back on a few things.

- Agreement - Jason (our attorney) let me know he sent over the settlement agreement to Jonathan for your review.
- Support - Marcie just emailed and asked for some IT assistance. Are we OK to work with her? Also, what we sent over a quote for 5 more handhelds on Monday.
- Wire - We spoke with Marcie yesterday and she mentioned sending another 10k wire this week towards the balance.

Give me a ring if you want to chat at 248-731-0131.

Thanks,

Eric

Eric

Why did you not reply to me?

You need to confirm, so we move forward and know we are are the same page

You need to tell us when we need anything new as cod

And must be billed and payed for immediately

We are on COD only Eric

And we do we start paying you 10k a week?

Eric as we talk

We agreed that we owe you \$100k

And you are good with us paying you \$10k a month till your payed off

And if you choose to go to someone else after your payed

You will not trouble us, and will hand over control with out any problems

If we ask you to do anything for us

You will tell us what the cost is and bill us COD

And we will never owe you any money for new work

Please confirm you understand
